

## MINUTES OF APRIL 3 MONTHLY MEETING OF BRIAR CHAPEL GARDEN CLUB

After due notice, the regular monthly meeting of the Briar Chapel Garden Club took place in the BC clubhouse on April 3, 2017. Those attending signed in. After a brief social period with snacks and wine, John Lunsford, elected President, called the meeting to order.

General discussion included updates on planting produce in both gardens and all were notified that, for the foreseeable future, work would be done in Briar Patch at 9 AM on Fridays and in Boulder at 9 AM on Saturdays. Individual work is available for those with scheduling issues but they are encouraged to weed and notify others of any unusual problems - unlocked gate, whatever. Applause resulted from the announcement that over 30 people worked in Boulder on April 1. Members were asked for participation in the Cook-Out fundraiser now scheduled for May 19 at the BC Clubhouse. Members were informed regarding Earth day events in the community on April 22. Some financial concerns were aired; specifically the need to renew website hosting fees and saving domain name with Wix for the coming year.

Two matters were brought up for further discussion and votes; upon Motion and second, members unanimously approved funding the Briar Chapel Garden Club website for another year. Upon Motion and second and following a discussion, members unanimously approved the passage of By-Laws to formally organize the Group and provide a structure for future years.

Following the passing of a Motion to Adjourn, tee shirts were handed out to those who had pre-paid.
