**New Ideas Proposed to Club**

- Weeding Wednesdays starting in Spring
- Condense work in gardens by moving flowers to Briar Patch and putting most of vegetables in Boulder. This would give a bigger space for flowers that won't fall over into vegetables. This would also help concentrate efforts at each garden. Curious how many people pick vegetables at Briar Patch? Will discuss this more next month.

**Planting Report**

- Leak at Boulder – Myatt working came to look at wet spot and said they will take care of it.
- More weeding still needed at Boulder in rows with collards, kale, onions

**Garden Club Website**

- BC Garden Club's website is separate from Briar Chapel Life as it allows us to manage it ourselves and include pages / content
- The links to register as a member are on the BC Garden website, not Briar Chapel Life
- Liz confirmed that there is a link from Briar Chapel Life website to the BC Garden Club website
- The BC Garden website has a lot of educational content that someone who is interested in learning about gardening can access
